**TO:** NAESB WEQ Inadvertent Interchange Payback Practice Task Force Conference Call Participants and Posting for Interested Parties

**FROM:** Rae McQuade, Executive Director

**RE:** Conference Call February 13, 2003

**DATE:** February 11, 2003

---

Dear NAESB WEQ Inadvertent Interchange Payback Practice Task Force (IIPTF) participants,

At the Market Operations Subcommittee (MOS) meeting on January 24, it was determined to set up the IIPTF task force. As noted in the minutes of that meeting:

"Inadvertent Interchange Payback Practice Task Force: The following individuals volunteered for the task force: Mr. Weinstein, Mr. Goss, Mr. Blohm, Mr. Hopf, Mr. Schwermann, Mr. Monroe, Mr. Hudson, Mr. Benjamin, Mr. Hartwell, Mr. Oberski, Mr. Maenner, and Ms. Ogenyi. Mr. Goss, Mr. Blohm and Mr. Hopf have volunteered to serve as the point people for the task force.

The Inadvertent Interchange Payback Practices Task Force is charged with scoping the inadvertent interchange issues and if they determine that standards are needed, developing a standards proposal based on the scoping document. Mr. Desselle noted that while NAESB does not decide policy, a task force could frame a policy issue, or even "tee it up" for FERC consideration. Mr. Corneli suggested the task force brainstorm about the different possibilities that could be proposed or possible concepts for standards, including standards that would address the issues of good vs. bad interchanges, in-kind payback, integration of the two types of balancing authorities, the metric, and the types of transactions needed to price out inadvertent interchanges.

The Inadvertent Interchange Payback Practices Task Force set March 3 as a target date for the scoping document to allow time for review and approval by the MOS prior to the March 21 JIC meeting. To achieve that target, a task force conference call will be held in early February, followed by a task force meeting during the February Executive Committee meeting being held in New Orleans. Members of the JIC noted that while all NAESB work on inadvertent interchange will go through the JIC process, NERC has preliminarily determined inadvertent interchange was a business practices issue."

As such several conference calls have been set up and notification of those call were provided earlier this week. Those calls are: **2-13-03 from 1:00 to 4:00 pm Central**, **2-19-03 from 9:00 am to Noon Central<sup>1</sup>** and **2-27-03 from 1:00 to 4:00 pm Central**. The update and review of work products will be given at the MOS meeting on March 6 (10 am to 3 pm MT) in Phoenix. A draft agenda for 2-13 is shown following. Several work papers have been posted for this meeting and may be downloaded, ([http://www.naesb.org/weq\\_market\\_operations.htm](http://www.naesb.org/weq_market_operations.htm)), from the NAESB web site. Please call the office (713-356-0060) for call-in instructions if you would like to participate and did not receive the notice of the conference calls.

---

<sup>1</sup> The meeting scheduled for 2-19-03 is to be held in New Orleans in conjunction with the NAESB Executive Committee meetings. For those unable to attend in person, conference calling participation will be available.

## **North American Energy Standards Board**

1100 Louisiana, Suite 3625, Houston, Texas 77002

Phone: (713) 356-0060, Fax: (713) 356-0067, E-mail: [naesb@aol.com](mailto:naesb@aol.com)

Home Page: [www.naesb.org](http://www.naesb.org)

---

The work products of these meetings will be presented to the MOS for review and discussion on March 6 in Phoenix. This, as with all NAESB meetings, is an open meeting. Mr. Blohm and Mr. Hopf will lead the call.

We look forward to your attendance.

Best Regards,

*Rae McQuade*
