**DATE:** July 24, 2003

---

Dear Interested Parties:

The NAESB Inadvertent Interchange Payback Practice Task Force (IIPTF) was established during the January 24, 2003 NAESB Market Operations Subcommittee (MOS) meeting to scope inadvertent interchange payback issues, determine if those issues require standards development, and draft appropriate standards for inadvertent interchange payback. The IIPTF drafted a Standards Request which was reviewed by the NERC/NAESB Joint Interface Committee on March 21, 2003 and assigned to NAESB for further standards development.

In the course of standards development, certain issues arose on the scope of the NAESB standard, and whether the NAESB standard for inadvertent interchange settlement would be based on data provided by NERC. To resolve those issues and clarify the organizations' roles regarding inadvertent interchange payback, a NERC-NAESB coordination meeting on IIPTF issues has been scheduled for August 4, 2003 from 1:00 p.m. to 5:00 p.m. Eastern in Philadelphia, PA.

A draft agenda for 8-04 is shown following. Draft minutes of prior IIPTF meetings and the draft request as approved by the Joint Interface Committee for assignment to NAESB are posted and may be downloaded, ([http://www.naesb.org/weq\\_market\\_operations.htm](http://www.naesb.org/weq_market_operations.htm)), from the NAESB web site. Please call the office (713-356-0060) for call-in instructions if you would like to participate and did not receive the notice of the meeting.

This, as with all NAESB meetings, is an open meeting. We look forward to your attendance.

Best Regards,

*Todd Oncken*
