1. Introduction

Open Access Technology International, Inc. (OATI) webRegistry will serve as the central repository for information required to support commercial, scheduling, and transmission management operations in North America. OATI webRegistry is a web-based system that allows industry participants to register and maintain company information used in business operations. In addition, companies can register new data and modify existing data that are used in transmission and scheduling procedures.

The North American Energy Standards Board (NAESB) has provided the requirements for OATI webRegistry.

OATI has developed the webRegistry software system to perform NAESB Electric Industry Registry functions. Beyond the software development and maintenance, OATI is also responsible for the webRegistry system administration functions.

This document is intended to assist the role of Balancing Authority (BA) in how to use webRegistry.

For additional training, please contact support@oati.net.

2. Applying for webRegistry Access

To apply for webRegistry access, go to www.naesbwry.oati.com. The following screen will open.

Click on the "Not a registered user? Click here to apply." link. The Application for Registration will open.

3

Entity Details		Applicant D	(4)	Manager De	stails 3

City*	Minneapolis	Email*	ne.smith@tecn.com	Email*	inderson@tecn.com
State/Province*	Minnesota 👻	Phone*	763.201.2020	Phone*	763.201.2020
Zip Code*	55418	User Name*	AnneS		
Country*	United States -				
Applicant's Purpose Please enter yo	4 and any applying and any	y additional	notes.		* = required fiel
Terms and Conditio	that must be accepted 1	n order to a	ubmit your appli	cation.	,
			7		

Enter Entity Details. Information with an asterisk (*) is required. Enter information about your company, including the long name, NERC Entity Code, and address. If you do not know your NERC Entity Code, but have previously registered with the NERC TSIN Registry, visit http://reg.tsin.com/query/default.asp and search for your company's name. Note: Selecting "Starts With" under Advanced Search options will ease your search.

Enter Applicant's Details. Enter details about the person completing this application. This will be the person who is using OATI webRegistry, and entering information in the system. The "User Name" field will become the user's User Name when they are approved to access the system.

Enter Manager's Details. Enter information of the applicant's manager.

Enter the Applicant's Purpose. This is not a required field. To complete this field, however, enter the company or applicant's reason for applying to the webRegistry. This information will assist NAESB in reviewing the application.

Terms and Conditions. Terms and conditions must be reviewed and accepted in order to submit your application.

Click in this box to accept the terms and conditions.

Click on the "Print Terms and Conditions" button to print the terms and conditions for review, if desired.

Click on the "Submit Application" button to submit your application. The application will be sent to NAESB and will be pending NAESB approval.

Please remember:

6

- An asterisk (*) means the field is required. Applications cannot be submitted with information missing from fields that are indicated with an asterisk (*).
- Applications will not be able to be submitted until the "I accept the terms and conditions stated above" box is checked. Once this box is checked, the "Submit Application" button will be able to be clicked.
- Once an application is submitted, NAESB will need to approve it before further registration of data can take place.
- If you do not have a valid Digital Certificate, the following page will display.

	VOUR ENERGY OUR SOLUTIONS
In order to apply i	for registration you must present a valid certificate from one of the following Certificate Authorities:
	Available Certificate Authorities will be listed here.
If you have technic	al questions on the webRegistry application service, please contact OATI at support@oati.net or 763 201-2020.
	Back to webRegistry.
	NOTICE TO USERS
	NOTICE TO USERS This is a restricted software application and is for authorized use only. All uses of this system are logged, and the logs may be provided for use by appropriate law

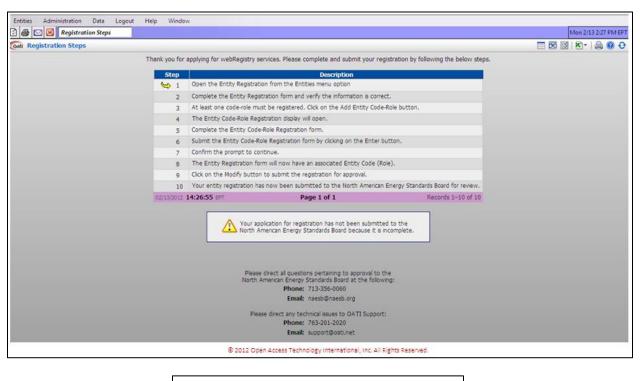

1

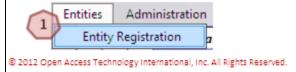

3. Initial Registration of a BA

Once an application has been approved, the user will receive two emails. One email will have the User Name and a hyperlink to webRegistry. The other email will contain the initial temporary password to log into the system.

Upon first login to the webRegistry using the initial password, the user will be prompted to change the password. Instructions on updating a password will appear on the display and can be found in the Administration portion of this training document and on page 32.

Once the user changes their password, the Registration Steps page will open.

Navigate to Entities >> Entity Registration. The Entity Registration page will open.

	Load From TSIN Add Entity Coo	e-Role Submit Clos	se	

Verify Entity information. Click on the "Everything" tab to display all information needed. Some of these fields will be populated with information provided in the user's application. However, the user can modify or remove this information as needed.

Enter an identifier. This includes either the DUNS Number or GLN.

Verify the Entity's location information.

2

3

Enter any affiliates, if applicable.

5 Verify

Verify contact information.

Click on the "Load from TSIN" button to load Entity information from the TSIN Registry. The system will search the TSIN database based on the Entity Code currently provided on the Entry page. Users will need to verify the information is correct.

Click on the "Add Entity Code-Role" button to add the Code-Role. Note: Registration of an Entity's Code-Role is required for initial registration to proceed. The Entity Code-Role Registration page will open.

Submission of application is not permitted until the Entity's Role is registered in the system. Click "Add Entity Code-Role" to register this information in a new page.

Cont Entity Code-Role Registration		🖾 🔒 🔞 😌
	1 NERC ID Entity Tagg ng ID Long Name Test MO No. 13 Company) (Pending) • Entity Long Name Test MO No. 13 Company Entity

	Closed From TSIN Berter Close	
	© 2012 Open Access Technology International, Inc. All Rights Reserved.	

Verify the Entity's information in this section.

Select the Entity Role from the dropdown. Select BA.

Butter the Entity Role Code in this field. This is a unique alpha numeric code that is generated by the user.

Select the Reliability Region to which the entity belongs from the dropdown.

4

Select the Interconnection from the dropdown.

Select the Market Area from the dropdown.

7

Select the Reliability Area from the dropdown.

Enter at least one contact. A 24-hour contact is required.

Select or enter service URL for a tagging or OASIS service if applicable. If the Application Service Provider (ASP) is registered in webRegistry, the user can select the ASP from the "Load from ASP" dropdown to load the URL.

If ASP is not desired, all fields of this section of the form should read "Select if Applicable" or remain blank.

¹⁰ Click on the "Load from TSIN" button to load Entity Code-Role data from the TSIN Registry. The system will search the TSIN database based on the Entity Code-Role and the Entity Type provided on the Entry page. Information will need to be verified for accuracy before it can be loaded in to webRegistry.

Click on the "Enter" button to submit the Code-Role. Upon the user confirming the submittal, the user is returned to the Entity Registration Page.

Please remember: The earliest Effective Date a Role can have is the date registration is being performed. If registering today, entering a date earlier than today's date will result in a validation error.

Select the payment type from the dropdown. In most cases, select Credit Card.

Click on the corresponding box of which payment you would like to make. Note: Annual dues are assessed on number of Code-Roles registered in the webRegistry system.

Enter the appropriate payment information in the corresponding fields.

Click on the "Enter" button to submit the payment. An email receipt will be sent to the email address provided.

4. Entering a New Entity Code-Role

Once an Entity has been registered and approved in webRegistry, an Entity may enter additional Code-Roles. This section will detail how to enter a new Code-Role. For this training, we will use a new Balancing Authority.

Entities	Objects	Approval	Paym
Entitie	25		
Entity	Code-Role		
Purch	asing-Sellin	g Entities

(1) Information contained in this section is pre-populated based on registered information. However, information can be modified if needed.

Enter the Entity Role-Code in this field. This code must be unique.

Select the Reliability Region to which the Entity Code-Role belongs from the dropdown.

Select the Interconnection from the dropdown.

5

4

2

3

Select the Market Area from the dropdown.

Select the Reliability Area from the dropdown.

By default, the Effective Start Date will be the date this form is completed. The Effective End Date will be 01/01/3000. Dates can be modified manually, or by using the calendar button.

Select the Contact Type from the first dropdown. Based on the user selection, subsequent fields in this section will be populated. Information provided in this section includes the name of the Contact, Phone Number, and E-mail address. A 24-hour contact is required.

Select or enter service URL for a tagging or OASIS service if applicable. If the Application Service Provider (ASP) is registered in webRegistry, the user can select the ASP from the "Load from ASP" dropdown to load the URL.

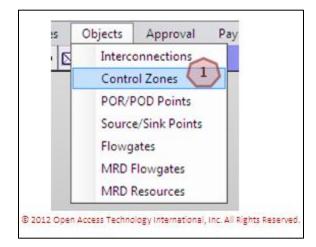

If ASP is not desired, all fields of this section of the form should read "Select if Applicable" or remain blank.

(10) Click the "Load from TSIN" button to load Entity Code-Role data from the TSIN Registry. The system will search the TSIN database based on the Entity Code-Role and Entity Type provided on the Entry page. Information will need to be verified for accuracy before it can be loaded into webRegistry.

Ulick the "Enter" button to create and submit the new Entity Code-Role for approval.

(12) Click the "Close" button to close the display. The new Entity Code-Role will not be saved or created.

5. Control Zones

To view and enter Control Zones, navigate to Objects >> Control Zones. The Control Zones display will open.

	Control Zones	Balancing	Effecti	ve Date	Approval		A	cting

3

Click on the "Close" button to close the display.

Click on the link under the "Control Zones" display to open the Control Zone Detail page. Modifications to Control Zones can be made from this display.

Click on the "New Control Zones" button. The Control Zone Entry page will open.

5.1 Entering a New Control Zone

A Control Zone with the same name as the Balancing Authority will automatically be created once a Balancing Authority is approved.

To enter a new Control Zone, click on the "New Control Zones" button on the Control Zones display. The Control Zone Entry page will open.

Name	Control Zone 1
Balancing Area	BA 2
Effective Date	02/17/2012 🛄 01/01/3000 🛄
	Enter

4

5

Enter the name of the Control Zone.

Select the Balancing Area from the dropdown.

By default, the Effective Start Date will be the date this form is completed. The Effective End Date will be 01/01/3000. Dates can be modified manually, or by using the calendar button.

Click on the "Enter" button to create and save the new Control Zone.

Click on the "X" to close the display. The Control Zone will not be created or saved.

6. Source/Sink Points

1

3

Once an Entity-Code Role has been created and approved, a BA may enter Source/Sink Points. Please coordinate with PSE/LSE/GSE to enter Source/Sink Points. Note: It is recommended that a BA register all Source/Sink Points within the BA's jurisdiction.

To find and enter a new Source/Sink Points, navigate to Objects >> Source/Sink Points.

Click on the link under the "Name" column to view the details of the Source/Sink Point.

Click the "New Source/Sink Point" button to open the Source/Sink Point Entry page.

Click on the "Source/Sink Points Upload" button to open the Source/Sink Points Upload CSV display.

6.1 Entering a New Source/Sink Point

To enter a new Source/Sink Point, click on the "New Source/Sink Point" button on the Source/Sink Points display. The Source/Sink Point Entry page will open. Coordinate with your PSE/LSE/GSE to ensure Source/Sink Points are not being dual-entered.

		Source/Sink P	oint Entry		? X
	Name	Power Seller Source Point 1	1 NERC ID	100018 2	
	Туре	Source -3	PSE (GPE)	SSPC	-4
	BA	QUSL T	Control Zone	QUSL	6
	MRD Resource ID	0000 7			
	Effective Date	02/15/2012 🗰 01/01/3000	8		
		Load From TSIN	Enter 10		
-		© 2012 Open Access Technology Inter	national, Inc. All Rights Re	served.	

Enter the name of the Source/Sink Point in this field.

The NERC ID will be populated based on the PSE.

Select the type of point from the dropdown.

- Select the PSE from the dropdown.
- 5

1

3

Select the BA from the dropdown.

- Select the Control Zone from the dropdown.
 - Enter the MRD Resource ID in this field, if applicable.

By default, the Effective Start Date will be the date this form is completed. The Effective End Date will be 01/01/3000. Dates can be modified manually, or by using the calendar button.

Click the "Load from TSIN" button to load information from the TSIN Registry. Information will need to be verified before it can be loaded into webRegistry.

(10) Click the "Enter" button to create and save the Source/Sink Point. Source/Sink Points will need to be approved by the Balancing Authority for inclusion in webRegistry. Source/Sink Points entered by a Balancing Authority will not need additional approval.

Click on the "X" to close the display. No Source/Sink Points will be created or saved.

6.2 Uploading Source/Sink Points from a CSV File

To upload Source/Sink Points from a CSV file, click on the "Source/Sink Points Upload" button. The Source/Sink Points Upload CSV page will open.

Coat Source/Sink Points Upload CSV		🖾 🚔 🔞 🔂
CSV File	C:\Users\MeredithS\Desktop\CSV webRegistry Test File.csv	Browse
2 Output	Header (Name, Type, Control Zone, BA, PSE, NERC, MRDResource, EffectiveStartDate, E - Invalid header names	iffectiveEndD¢ ^
	< [
3	Source/Sink Upload CSV Format: Name,Type,ControlZone,BA,PSE,NERC,MRDResource,EffectiveStartDate,Effect Note: Column headers are required in first row of the CSV.	iveEndDate
	© 2012 Open Access Technology International, Inc. All Rights Reserved.	

Click the "Browse" button to search for the appropriate CSV File.

The output of the CSV File will display in this field. If a file has any errors, the error messages will be displayed in this field.

This section displays the CSV Upload Format and displays the column headers to be used on the upload file.

Click the "Validate" button to validate the CSV file. If a file contains errors, the error messages will be displayed in the "Output" field.

5 Click the "Upload" button to upload the selected file.

7. Approvals

7.1 Approval History

Approval History displays the record of submittals and approvals in webRegistry. Information provided includes the timestamp of the submittal, timestamp of the approval, and if the submittal was approved or denied. Submittals that are approved will be highlighted in gray, while denied submittals are color-coded in red.

To view Approval History, navigate to Approval >> Approval History. The Approval History display will open.

11.2 User Options

1

To select User Options, navigate to Administration >> User Configuration >> User Options. The User Options page will open. These preferences will only change in this Users' account.

6

Coati User Options		
	Company PSER	
	User Name PSERAdmin	
	Name Doe, John	
	1 Security Role Entity Admin	
	Phone (763) 201-2000	
	Email nong.lor@oati.net	
	Password Expire Date 08/05/2012 (in 179 day(s))	
	Page Size 30	
	TimeZone Eastern Standard Time (EST)	
	Menu Style Web	
	(Menus will expand automatically when cursor hovers over them)	
	Default Reason for Change MP Request	
	Gave Change Password	
	© 2012 Open Access Technology International, Inc. All Rights Reserved.	

Information in this section will be pre-populated based on User Account information.

Select the preferred Page Size. The default is 30, and is recommended for optimal load time. Page Size is the amount of data lines that are displayed on a Summary page.

Select the Time Zone from the dropdown. This field will control the clock on the upper-right hand corner of the application, as well as timestamps throughout the application.

Select a preferred Menu Style by clicking in the corresponding button. A Web menu style will allow menus to expand when a cursor hovers over the menu. An Application style will require the user to click on the menu to expand.

5 Select a "Default Reason for Change" from the dropdown. This will pre-populate a selected "Reason for Change" each time it is required in the system.

Click the "Save" button to save the configurations. A prompt will display.

Click the "Save Only" button to save the configurations. Change will be available the next time the user logs in to webRegistry.

Click the "Save & Restart" button to save the configurations and be automatically logged out and logged back in to the system. Changes will be available immediately.

3

Click the "Cancel" button to cancel any changes. Changes will not take place.

Click the "Close" button to close the display. Changes will not be made or saved.

	© 2012 Open Access 1	Fechnology Inte	ernational, Inc. All	Rights Res	erved.				

To change a password, navigate to Administration >> User Configuration >> Change Password. The Change Password display will open.

PSERAdmin
 Passwords will contain a minimum of 8 and a maximum of 30 characters. Each password must contain three out of the four character types: Lower case letters: a-z Upper case letters: A-Z Numbers: 0-9 Special characters: `~!@\$%^()_+-=[]{};;,/<>? Blank spaces are not valid character type. Do not use the following special characters: Quote, Double Quote, Pound, Star, Ampersand, BackSlash, Vertical Bar Be advised that you may not reuse passwords for a period of one year (365 days). Consecutive passwords may not be similar. Similarity is verified by the match of any case-insensitive consecutive 3-character substring in the new password with any case-insensitive consecutive 3-character substring in the previous password. For example: password abc123DEF\$% is similar to password ABC456def#* similar to xyz456ABC#* however dissimilar to xyz456pqr#*
Enter old password 2 Enter new password 3
Retype new password
I 2012 Open Access Technology International, Inc. All Rights Reserved.

Please review the password criteria for assistance with password changes.

- Enter the old password in this field.
- 3

2

1

Enter the new password in this field.

5

6

Re-enter the new password in this field.

Click the "Submit" button to submit the new password.

Click the "Cancel" button to cancel the change. The password will not change.

Enter the User Name in this field.

Enter the first name of the user in this field.

Enter the middle initial of the user in this field (optional).

3

2

Enter the last name of the user in this field.

Enter the email address of the user in this field.

5

Enter the phone number of the user in this field.

Enter a comment about the user in this field (optional).

By default, passwords will expire. A password that will expire will have a checkmark in the box.

Select the Digital Certificate of the user from the dropdown.

If a Digital Certificate needs to be entered manually, enter the Digital Certificate information in this field.

Select the Security Role of the user from the dropdown. Security Roles include Entity Administrator and Registry User. Available functionality in webRegistry will be dependent on the Security Role of the user. An Entity Administrator will have permission to create and edit data in the system. A Registry User has permission to view data, but cannot modify it.

12

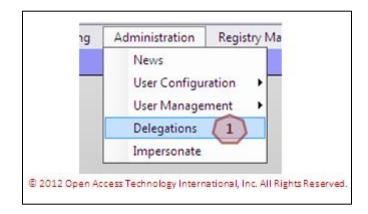

Click the "Enter" button to create and save the new user.

Click the "X" to close the display. Changes will not be saved and the user will not be created.

12. Delegation

1

1

To specify a delegation, navigate to Administration >> Delegations. The Delegation display will open.

Entity	Entity			Effective Date		Creation		Confirmed/Cancelled
