TO: NAESB Wholesale Gas Quadrant Members
FROM: Rae McQuade, Executive Director
RE: Member Ratification of Standards Adopted by the Wholesale Gas Quadrant of the Executive Committee
DATE: April 1, 2003

Please find the attached ballot to record your vote on the ratification of recommendations approved by the Executive Committee on December 12. The draft minutes for this meeting are available on the NAESB web site, and the recommendations are attached to the ballot. To record your vote, please fill out page two of this communication and either email (naesb@aol.com) or fax it (713-356-0067) to our office by May 1. Should the recommendations be ratified, they will be included in the publication of version 1.7 of the standards.

The EC voting record and discussion on these items are contained within the EC minutes of December 12, 2002. The EC minutes can be found on the NAESB home page (www.naesb.org), as can the request, recommendation, and related subcommittee and task force minutes. Transcripts of the EC meeting where these recommendations were discussed can be ordered by calling the NAESB office - 713-356-0060.

Please feel free to call the NAESB office if you have any difficulty retrieving any of this information.

Best Regards,

Rae McQuade

NAESB Membership Ratification Ballot for Wholesale Gas Quadrant Standards

Due May 1, 2003

To NAESB Office (Fax Number 713-356-0067, email naesb@aol.com)

Please vote in favor of or in opposition to the Executive Committee (EC) action taken on December 12, 2002:

Support	Oppose	Recommendation for Request No.:
		R02002-3: Add proposed language and examples to the Business Process and Practices section of the NAESB WGQ Capacity Release Book.
		R97058B: Modify the following data dictionaries to accommodate the use of a proprietary entity code: Nominations Standards 1.4.1 through 1.4.7, Flowing Gas Standards 2.4.1 through 2.4.16, Invoicing Standards 3.4.1 through 3.4.4, Capacity Release Standards 5.4.1 through 5.4.22. Modify the Technical Implementation of Business Processes of all the data sets listed above. Modify the Related Standards section labeled Common Codes in the Nominations, Flowing Gas, Invoicing and Capacity Release Books. Modify the X12 implementation to accommodate the use of a proprietary entity code in the data sets listed above.
