

Request #96033

Modify the Measurement Information Statement to Allow for Pressure Base and Pressure Base Indicator.

Type of Request:

New Data Elements

Abstract Discussion:

The Measurement Information Statement is a high level statement to provide information that supports other Flowing Gas and Invoicing documents. This statement reports accounting volumes and quantities at 14.73 psia in compliance with standard 2.3.9. It is more appropriate to provide detail information like pressure base in the base level Measured Volume Audit Statement. Work on this statement is currently in progress (R96005).

Changes to the Data Set Requested:

None

Applicable Document:

Measurement Information Data Set, std 2.4.5
Measured Volume Audit Data Set (R96005)

Applicable Standards

2.3.9 Standardize the reporting basis for gas volumes as cubic foot at standard conditions of 14.73 psia, 60 degrees F, and dry.

Sense of the Room Results: 16 In Favor; 0 Opposed

Executive Committee Sponsor: Bob Wallenhorst

Is Revision Required to Support an Existing GISB Standard? If So, State Standard Number and Language:

None

GISB Subcommittee/Task Force: Market Settlement Task Force

Applicable to Upstream/Downstream Process? If So, State Task Force Referred To:

None

Requester: TransCap

Due Date (E-6): December 10, 1996
