PROPOSED STANDARD FOR REQUEST R97079

Request:

Add a new code value to the existing data element 'Transaction Status Code' in the Nomination Quick Response (QR).

Proposed Standards:

- 1.3.x** "With the exception of otherwise stated GISB nominations deadlines, when a Transportation Service Provider receives a Nomination document from a Service Requester by the conclusion of a given quarter hour period, the Transportation Service Provider will send to the Service Requester's designated site a corresponding Quick Response document by the conclusion of the subsequent quarter hour period."
- "The quarter hour periods will be defined to begin on the hour and at 15, 30, and 45 minutes past the hour. A given quarter hour will contain all transactions whose receipt time is less than the beginning of the subsequent quarter hour."
- 1.3.x** "Transportation Service Provider's nightly processing and routine maintenance occurring outside of normal business hours are apt to interrupt the normal schedule of nominations/quick response turnaround stated in GISB Standard 1.3.x. Such delays should be kept to a minimum. The normal schedule should be resumed at the earliest opportunity and no later than the start of normal working hours the following day, seven days per week."
