

R97068

Gas Industry Standards Board

Request for Initiation of a GISB Standard for Electronic Business Transactions

or

Enhancement of an Existing GISB Standard for Electronic Business Transactions

Date of Request: April 18, 1997

1. Submitting Entity & Address:

Enron Interstate Pipelines
P. O. Box 1188
Houston, TX 77251-1188

2. Contact Person, Phone #, Fax #, Electronic Mailing Address:

Name : Theresa Hess
Title : Information Specialist
Phone: (713)853-4895
Fax : (713)646-2551
E-mail : thess@enron.com

3. Description of Proposed Standard or Enhancement:

Revise the usage of the SAC Segment in the Capacity Release - Upload to Pipeline of Prearranged Deal (UPPD) X12 transaction from Mandatory to Conditional; required when Biddable Deal Indicator = 'Y' or the Lesser Rate Indicator = 'Y' or 'U'.

This request is dependent upon the outcome of, and would best be addressed in conjunction with, Enron request R97067.

4. Use of Proposed Standard or Enhancement (include how the standard will be used, documentation on the description of the proposed standard, any existing documentation of the proposed standard, and required communication protocols):

Two of the data elements in the SAC Segment, Minimum Acceptable Percentage of Maximum Rate and Minimum Acceptable Rate, are Conditional based on the Lesser Rate Indicator. If the offer is non-biddable or if the offer is biddable and the Lesser Rate Indicator is 'N', then neither of these data elements is required. Therefore, they are only required if the Lesser Rate Indicator is 'Y' or 'U'. However, the Lesser Rate Indicator is only required when the Biddable Deal Indicator = 'Y'.

Two of the data elements in the SAC Segment are Conditional based on the Biddable Deal Indicator. If the offer is biddable, either the Rate Bid or the Percentage of Maximum Rate Bid is required.

The remainder of the data elements in the SAC Segment are Sender's Option or Business Conditional. (See request R97067). This makes the usage of the SAC Segment dependent on the Biddable Deal Indicator = 'Y'.

5. Description of Any Tangible or Intangible Benefits to the Use of the Proposed Standard or Enhancement:

The usage of the SAC Segment will be updated and thus provide clear instructions to those implementing the standards.

6. Estimate of Incremental Specific Costs to Implement Proposed Standard or Enhancement:

7. Description of Any Specific Legal or Other Considerations:

8. If This Proposed Standard or Enhancement Is Not Tested Yet, List Trading Partners Willing to Test Standard or Enhancement (Corporations and contacts):

9. If This Proposed Standard or Enhancement Is In Use, Who are the Trading Partners:

10. Attachments (such as : further detailed proposals, transaction data descriptions, information flows, implementation guides, business process descriptions, examples of ASC ANSI X12 mapped transactions):
