**3. Description of Proposed Standard or Enhancement:**

New standard data sets are requested under the GISB Nomination Related Standards (1.4.X) to allow a Park and Loan shipper to submit a request for a specific Park/Loan deal. CIG also requests that a determination be made by the EII Task Force of the applicability of such functionality on CIG's Customer Activities Web Page.

**4. Use of Proposed Standard or Enhancement:**

Provide a process or mechanism to permit Park/Loan shippers to request specific Park/Loan deals. Park/Loan deals must be submitted for analysis of system capability and rates. Requests define the level service requested and provide a basis for fair allocation of the Park/Loan capability to the requestors. Park/Loan requests are not nominations.

Park/Loan deal requests should include:

- Park/Loan Contract
- Request for "Park" or "Loan"
- Park/Loan Location
- Maximum Park/Loan Quantity
- Park/Loan Deal Term
- Park/Loan Deal Rate

Approval response, from CIG, is necessary to communicate approval or modifications of the Park/Loan request.

**5. Description of Any Tangible or Intangible Benefits to the Use of the Proposed Standard or Enhancement:**

1. Shippers will have an improved Park/Loan request capability.
2. Shippers will receive clear indication of approval or denial of requests
