## NORTH AMERICAN ENERGY STANDARDS BOARD MONTHLY UPDATE CALL May 19, 2004 – 2:00 to 3:00 pm Eastern

To obtain the conference calling number, please refer to the email message that accompanied this announcement, or call the NAESB office (713-356-0060). In this conference call, we will provide updates on the WEQ's efforts to transition NERC's business practice standards to NAESB as Version 0.0, the RGQ and REQ's Technical Electronic Implementation Subcommittee (TEIS), and the WGQ's preparations to ratify standards implementing FERC's Order 2004. The call will also provide an update on the all quadrant Gas Electric Coordination Task Force's last two meetings. We hope you can join us on this one hour call.

The purpose of these one hour updates is to provide a high level overview of the NAESB activities and plans. The calls should complete within one hour and will provide attendees with a general understanding of the organization's current activities and plans, with guidance on how to obtain additional detailed information if needed.

We look forward to you or your staff attending the call. Work papers can be downloaded from the NAESB web site for this meeting and will be posted one week prior to the call. ([http://www.naesb.org/monthly\\_update.htm](http://www.naesb.org/monthly_update.htm)).

Please feel free to call the NAESB office should you have any questions or comments. If you would like to follow up with any questions after the conference call, please feel free to contact:
