Re: Proposed NAESB eTariff Standards

Dear Ms. McQuade:

The New York Independent System Operator, Midwest ISO, California ISO, Southwest Power Pool, and PJM Interconnection (collectively the ISO Group), is submitting these joint comments in response to the proposed standards and implementation guide<sup>1</sup> adopted by the NAESB eTariff subcommittee on January 25, 2008. At this meeting, the WGQ subcommittee co-chair stated that he would provide a summary of comments received and pending issues to the Executive Committee prior to its vote on February 29, 2008.

The ISO Group appreciates the opportunity to provide the Executive Committee with its concerns regarding proposed standards. In addition, we want to acknowledge the tireless work undertaken by a number of eTariff subcommittee members to develop consensus standards among a variety of interests.

If you have any questions, please feel free to contact me at the number shown below.  
Thank you.

Respectfully submitted,

John C. Cutting  
Regulatory Affairs Senior Specialist  
(518) 356-7521

cc: Michelle VanGordon, Midwest ISO  
Ean O'Neill, California ISO  
Charles Yeung, Southwest Power Pool  
Steven Pincus, PJM Interconnection
